

TALLSHIPS**CAN**

Tall Ships Canada Association des Grands Voiliers du Canada

March 1, 2022

Canadian Tall Ships and Supporters,

We invite you to become a member of Tall ShipsCAN, Canada's national, not-for-profit tall ship sailing organization. In doing so, you support the continuance our collective efforts in building awareness and support of sailing, sail training and youth development in Canada.

Members both offer, and support opportunities for intensive personal development for youth, a life experience that advances leadership development, an utter reverence for nature, a sense of time and place, an appreciation for history, and the essential value of teamwork skills. Sail training ingrains the qualities of stewardship, resourcefulness, strength, tenacity, confidence, and pride; qualities that youth learn intrinsically though just being aboard. Sailing ships and learning to sail are our voyage and our tools; our destination is personal development.

Tall ShipsCAN membership supports:

- Sail training for Canadian youth
- Regulatory support for member operators
- Engagement in Canadian festivals
- Preservation of maritime heritage
- Advocacy of maritime careers
- Funding support for vessel operators
- Environmental stewardship
- Diversity & Inclusion Training
- Social media promotions

As we build upon our membership in support of tall ship sailing and sail training in Canada, we welcome your feedback on means to further enhance value for membership.

Please contact either David Eggert, TSCA President or Christy Griffin, Executive Director should you like to discuss membership with Tall ShipsCAN.

Sincerely,

David Eggert
Chair of the Board of Directors
